<p>Statement:</p> <p>I was born and raised in this district. My ancestral ties go back many generations. My roots are deep and so is my commitment to better the lives of our citizens and our communities. Our backyard is changing opening new ventures, with the thawing of the tundra and the melting of the Arctic ice. It is my intent and my responsibility as your State Senator, to ensure our region participates as our state moves forward.</p>	<p>Qanellra:</p> <p>Yuurtellruunga cali anglicaumalua maani district-aamteni. <p>Education: Education is the backbone of all society. The better educated our children are, the brighter the future for us all. Rural educators face many challenges that can be overcome. <p>Energy: Every Alaskan deserves affordable energy. As a resource rich state (oil, gas, wind, and tidal), our state should and could, harness all of this energy to benefit all of its citizens. I pledge to continue to work towards reducing the high cost of energy in rural Alaska.</p>	<p>Kenuraq: Tamarmeng Alaskarmiut akitunrilngurmek kenuramek pingqernarqut. <p>Water and Sewer: Clean running water and sanitary sewage make a healthy community. Our state has made great strides in this area but now face the most challenging and expensive communities to serve. In addition to aging infrastructure, funding has diminished. I will continue to fight for funds.</p>	<p>Meq cali anarvigkat: Iqailngurmek mermek ayatulimek cali iqailngurmek anarvigkamek pilikuneng naulluniryartut ilaput nunacuarni.
